

Dear Parents and Guardians,

In addition to class time during Elementary Religious Education classes, we also have the Prayer Mom Program for our elementary students. This program is meant to encourage and help the children learn prayers that are an important part of our Catholic Faith with their family. We are excited about it and appreciate your support at home.

On page 2 of this letter, you will find a list of specific prayers for each grade that we ask to be **memorized at home** during the year. The list is broken down by each month based on our curriculum goals. The corresponding month for each prayer is meant to be only a guideline. To find a copy of the grade appropriate prayers, click on your child's grade. When your child is ready to recite a prayer, he/she will tell the classroom teacher and they will have the opportunity to go see the prayer mom. After your child has memorized and recited each prayer, he/she will get a small token of congratulations, usually a piece of candy. When they have completed all the prayers for their grade, they will receive their final "reward" in April.

If your child has a food allergy, please make us aware and we will make sure there are appropriate selections for him/her. Also, if your child has difficulty in learning, please make us aware, we are willing to adapt our program so all can participate.

If you have any questions or suggestions, I would love to hear from you. Our hope is to allow the teachers more time to focus on other curriculum and incorporate more family opportunities.

Blessings to you and your family,

Inez Reilly,
Elementary Religious Education Coordinator
